

FREDERICKTOWN

The Baptist Sunday school held their Children's Day service entitled, "Make the World Brighter, last Sunday evening. The program consisted largely of singing and class exercises, every number of which was well rendered. This school has the reputation of giving excellent programs, well rendered, on such occasions as this, and this one was not in any sense a disappointment. The attendance was large, the attention the best, and much appreciation was expressed because of the excellent program and the pleasing manner in which it was given. The decorations were elaborate and tasteful, reflecting much credit upon those who did the work. This service was a practical demonstration by the school of one way to make the world brighter, not for that evening alone, for the lessons taught will be remembered and the constant brightening influence of them will live.

On Thursday the Sunday school class of Mr. J. W. Howard picked at Kerr's grove, two and one-half miles south of town. CURES S.S.S. SKIN DISEASES

Lying just beneath the outer covering or tissue-skin, is a sensitive membranous flesh in which are imbedded thousands of small blood vessels. It is through these tiny veins and arteries that nutriment is supplied from the blood to the different pores, glands and lymphatics. Thus the skin is kept healthy, and free from all eruption or disease, by pure blood. But when impurities and humors infect the circulation its nourishing properties are diminished and instead of supplying the skin with healthful properties it constantly irritates and diseases the delicate fibres, pores and glands with sharp uratic matter. Then the skin tissues inflame, swell and ulcerate and some form of skin disease appears on the surface. Applying soothing lotions, salves, etc., to the outer eruptions does not purify the blood and therefore the skin trouble can not be cured in this manner. S. S. S. cures all skin diseases by neutralizing the acids and removing the humors from the blood. It cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its rich, nutritious corpuscles, and adds to its purity in every way. Then the skin, instead of being irritated and inflamed by sour impurities is nourished, soothed and softened by this cooling, healthy stream of blood. S. S. S. Cures Eczema, Acne, Tetter, Salt Rheum, Poison Oak, boils, pimples, rashes, etc. Book on Skin Diseases free to all who write.
